KUSTOM KIT®

# STYLISH LAYERS FOR EVERY CORPORATE OCCASION

If you've invested in shirts, polos or t-shirts for your team, have you considered the impact that the colder months will have on the effectiveness of your corporate uniform? As temperatures drop there is a real risk that your logo will be hidden as staff layer up in their own jumpers and jackets to keep warm.

Layering is an important part of the corporate wardrobe that is easily overlooked and yet provides a great blank canvas for further promotion of your corporate identity. Whether your uniform is smart or casual, we've got all the layering options your team will ever need!
